Special City Council Meeting -June 30, 2020 at 5:30 PM.**Date** Jun 30, 2020**Name** Christy Irineo**Address:** 133 N. Temple Blvd #12**Agenda Item:**

3. Approve and Authorize the City Manager to Execute an Amendment to Joint Use Agreement between the Milpitas Unified School District and the City of Milpitas for the Russell Middle School Fields

Comment

My Daughter America is 14 and made the Milpitas High Varsity team. She grew up playing on the Russell fields since the age of three. Over the span of her years on her home field she learned the importance of community involvement to keep these type of extra curricular activities up and running. Simply turning around her life lessons from the field and giving back by volunteering countless hours and hard work to maintain the softball program at Russell going for the younger generations, including her 6 year old baby sister. There are a few good reasons to provide and keep available a field most of them are between ages 8- 14 who want a good, safe place to play ball. I am aware of the situation regarding The use of the fields if for whatever reason our children are not allowed to keep the stability of access to these fields we ask that there be an alternative field provided for the seasons to come so we may keep the softball program available to the young women on Milpitas. Thank you and best regards,
Christy Irineo

Special City Council Meeting -June 30, 2020 at 5:30 PM.**Date**

Jun 30, 2020

Name

Charles Schletzbaum

Address:

1775 Milmont Drive

Agenda Item:

3. Approve and Authorize the City Manager to Execute an Amendment to Joint Use Agreement between the Milpitas Unified School District and the City of Milpitas for the Russell Middle School Fields

Comment

When we were originally trying to plan for a new high school, whenever Ayer was brought up, one of the barriers was city reluctance to allow a school to use those fields. I find it ironic that expectations of cooperation seem to go one-directional.
